FIRE DESTROYS OLD LANDMARK

A Bay St. Louis bakery was destroyed by fire early Sunday morning. Firemen from both departments worked for approximately three hours to bring the fire under control. Chief Saucier reported his men had to make several additional runs to the scene and had to stand by Sunday night because of flare-ups in the debris. The wood frame building, approximately 100 by 50 feet in size, was originally built by the late Robert Perre who operated a bakery there for 11 years. The property was later sold to the late Emile Perre and then to the late Alfred Vassalli, who operated the business for a number of years prior to its being sold to the present owner, 10 years ago. About eight years ago Mr. Kachler remodeled the front of the building and made numerous improvements in the working area. The owner, who estimated the loss at \$60,000, said he will start rebuilding as soon as possible.

Construction and equipment contracts totaling \$997,132 have been signed by the Bay St. Louis municipal separate school district for erection of a new high school plant and additions to two existing schools.

The building program is being financed by \$1,183,000 in district bonds approved by school district voters last November.

Bids were opened July 19 by the school board and were held for consideration and adjustment because low bids exceeded the available funds by about \$225,000, according to Joe D. McCullough, school superintendent.

Two parts of the building program were postponed, McCullough stated, in order to make the contracts fit into the available funds. They were the athletic field house to be erected at Tiger Stadium and the auditorium for the new high school.

McCullough said these portions of the program will be constructed at a later date as funds are available.

He noted construction on the additions to the Valena C. Jones School in Bay St. Louis and the Waveland Elementary School has already begun.

The new high school, to be located on a site previously purchased off Blue Meadow road north of U. S. Highway 90 and just outside the city limits, includes the bulk of the contracts, \$997,722.

Construction of the school is to begin as soon as ground-breaking ceremonies take place, within a week. The school is to be completed in time for the 1966-67 session, McCullough said.

Construction of the school designed by Charles I. Proffer and Associates of Gulfport, is planned to serve about 700 students, but may be expanded later for up to 1,000 students.

The 1,200-seat auditorium has been temporarily dropped from the plan but a 3,300-seat gymnasium will serve most of the purposes of the auditorium, McCullough noted.

The present high school, located at 202 2nd St., will be utilized by the school system as a junior high school after completion of current construction of the new school, he stated.

Contracts which have been signed include:

New high school - W. M. Craig, Contractors, Gulfport, general contracting, \$509,202; Mississippi Mechanical Contractors, Hattiesburg, \$174,955; E. C. Ernest Electrical Contractors, Gulfport, \$94,760; Martin School Equipment, Jackson, \$54,566; Hemway Furniture Equipment Co., New Orleans, \$62,855; Central School Supply, Jackson, \$1,348.

School additions - C. C. McDonald Jr., Contractors, Bay St. Louis, general contractors, \$83,062; Stevenson Electric, Bay St. Louis, \$6,418; Mississippi Mechanical Contractors, \$9,388.

Architects and legal fees will also have to come out of the total bond funds of \$1,183,000, McCullough said.

Sheriff's Reports

HOLD TWO IN BURGLARY OF CIGARETTE MACHINE

Two young men apprehended early Wednesday by city police officers are being held in the county jail pending a preliminary hearing before U. S. Justice of the Peace Nelson Ladner.

Police Chief Lathan Garriga said Wayne Green, 21, of Clermont Harbor, and Lowell Thompson, 18, of El Paso, Texas, are charged with the theft of 12 to 15 packs of cigarettes from a coin dispenser. Garriga said Green and Thompson were observed breaking into the cigarette machine at Demoran's Laundromat, Union Street, by the owner from his residence across the street at 12:30 a.m.

Patrolmen Billy Carbonette and Julius Weber caught up with the two several blocks away from the scene of the crime, Garriga added, and recovered the cigarette packs where they had been hidden in the sand on the beach.

PROPERTY DAMAGE ONLY IN WEEKEND TRAFFIC MISHAPS

Property damages, but no personal injuries, were reported in the Bay St. Louis area by the Mississippi Highway Patrol headquarters at Gulfport in traffic mishaps over the weekend.

Patrolman James Davis reported an accident at 1:20 p.m. Sunday at Main Street and Highway 90 involved cars operated by Vivian Brignac, of French Settlement, Louisiana, and Eddie J. Langton, Long Beach.

Patrolman Tony G. Greer investigated an accident four miles west of Bay St. Louis Highway 90 at 5:05 p.m. Saturday. He reported cars involved were driven by James Ernest Lauer, Slidell, and Octavia Hardy, New Orleans.

Patrolman Davis also reported Edward I. Jones, Bay St. Louis as the driver of a car in an accident at 2:45 p.m. Saturday one half mile north of Highway 90 on State Highway 603.

Sheriff Sylvan Ladner reported an Ansley residence was destroyed Friday after it caught fire when a drum of fuel oil ignited.

The sheriff said the "home" of Mr. and Mrs. Noah Harter, corner 42nd and Gulf Streets, Ansley, was a total loss.

Mr. Harter, the sheriff stated,

Award Sewerage Contract

A contract in the amount of \$1,599,828.45 was signed Thursday between the city of Bay St. Louis and C. O. Osborn Construction Co., Inc., of Birmingham, Ala., for construction of a sewerage system in the city.

The city which received approval of its contracts from two federal agencies, is expecting to sign a second contract with George Con. consolidated of New Orleans for expansion and improvements to its existing water works system.

The sewerage contract, Commissioner of Public Utilities J. Cyril Glover said calls for work to be completed within 365 calendar days. Work, he added, is expected to begin within a few weeks.

The project is being financed through a \$3 million city bond issue and a \$155,000 Public Health Service grant.

Noel Phillips, daughter of Mr. and Mrs. M. A. Phillips, and Pat Anderson, son of Mr. and Mrs. Bill Anderson of Pearlington, who were in the top three in the State Championship A. A. U. group swimming in Natchez over the weekend, will go to Alexandria, La., to compete in the La-Miss. swim meet August 7.

Noel placed third in the 50-yard free style and third in 100-yard free style.

Pat finished second in the 25-yard free style; third in 50-yard back stroke and second in 50 yard butterfly.

David Byrne, Pass Christian, will swim in 100-yard back stroke. Mrs. P. E. Porter Jr. was selected as Mississippi all star coach.

Members of the Bay team who participated in the finals were Susan Ketchum, Noel Phillips, Mike Meyers, Pat Anderson, Ed Porter, Stephen Byrne, David Byrne, June Porter, Nancy McDonald, Laura Ketchum, Susie Anderson, Kirk Stephenson, Hansen Koch and Bill Kitchum, Mike Cardin and Donna Byrne.

AUDITION FOR SCHOLARSHIPS

Jewel Tiemann, Clermont Harbor, and Warren Tybo, Bay St. Louis, have been selected to audition for scholarships to the American Academy of Arts in New York.

There will be 12 scholarships awarded in the New Orleans district and another audition will be held at TV station WVUE shortly.

Both Jewel and Tybo have lead parts in the Diary of Anne Frank which will be presented by Bay St. Louis Little Theater the latter part of August.

SCOUT TROOPS TO HOLD CAMPOREE THIS WEEKEND

Members of Boy Scout Troops 208, sponsored by the American Legion; 217, Our Lady of the Gulf; 220, Christ Episcopal School and 210, Waveland will hold a camporee Friday, Saturday and Sunday at the Oblate Seminary, Pine Hills.

Accompanying the troops will be Peter Socco, New Orleans, District Director; L. H. Pahlman, Teddy Stechman, Sr., W. Christian, Watson Johns, Ernest C. Cuevas, Charles Selanna, Warren Buehler, Bay-Waveland District chairman and Wesley Dorn.

John Rutherford, Jr., and D. W. North will be in charge of the kitchen.

Brother Stanley of Holy Cross College will direct the competitive events, Saturday which will include flag pole erecting, chariot race, pacing, code, fire building, trailing, measuring and first aid for tenderfoot, 2nd and 1st class Scouts.

The Seminary brothers will entertain the boys with a program Saturday night.

NINE-YEAR-OLD SETS RECORDS IN JUNIOR OLYMPICS

Cheryl James, nine-year-old daughter of Mr. and Mrs. W. W. James Jr., of Bradenton, Florida, set two state records recently in the 8-9-year-old Junior Olympics at Manatee Junior College.

Cheryl set records in the running broad jump and the standing broad jump. Her leap of 11 feet 3 1/4 inches in the running broad jump topped the record of 9 feet, 2 1/4 inches. She also made a jump of 8 feet 4 1/2 inches in the standing broad jump. The previous mark was 5 feet, 3 1/4 inches.

Cheryl is a granddaughter of Mr. and Mrs. W. W. James Sr. and Mrs. Mrs. Carl Banderet of Bay St. Louis.

APPOINTS NEW DISTRICT MANAGER FOR GULF COAST

Mr. Alan E. Thomas General Commercial Manager for Southern Bell, announced today the appointment of Mr. J. L. Cargile as District Manager for the Gulf Coast District. He succeeds Mr. F. J. Lundy, who has accepted a position in the area headquarters in Jackson. Mr. Cargile's appointment is effective August 1.

Mr. Cargile is a native of Montgomery, Alabama, and served Southern Bell in Montgomery, Mobile, and Birmingham prior to his appointment as State Security Manager in Jackson in 1962. He was graduated from the University of Alabama and was a 1st Lieutenant in the U. S. Army while serving in Germany.

Mr. Cargile is married to the former Mary Walter of Montgomery and they have two daughters Mary Catherine and Cynthia Jean. They are Episcopalians.

LUNDY ACCEPTS POSITION IN AREA OFFICE

W. O. McDowell, Assistant Vice President for Southern Bell, announced today the appointment of F. J. Lundy to a newly created position, State Public Office for Southern Bell in Jackson.

Mr. Lundy's appointment is effective August 1. Prior to this date he served as District Manager for the Gulf Coast District. Mr. Lundy was Manager at Cleveland and Biloxi, and District Manager at Hattiesburg prior to his Coast assignment.

Mr. Lundy is a native Mississippian and is married to the former Irma Jean Owen of Meridian. They have three children, Jeff, Jimmy and Fran. He has been active in civic affairs and Boy Scout work throughout the state. Recently he served as chairman of the Merit Award Program for the Mississippi Economic Council.

Mr. Lundy proposed a constitutional amendment guaranteeing to the respective states the right to apportion their State legislatures. His proposal recognizes the general principle that questions of legislative apportionment are most properly solved at the local level by legislative bodies rather than by a federal judicial tribunal.

In my opinion, it is incumbent upon Congress to insure that this principle will prevail and that the right of those individuals who live in rural areas to have some voice in their government will be protected.

C.E.D.S. ANNOUNCES FACULTY CHANGES '65-'66 SESSION

Mrs. C. A. Russ III, Principal of Christ Episcopal Day School, announced this week that two new members will join the staff of the school this year. Mrs. William E. Leigh of Bay St. Louis will assume her duties as second grade teacher in September, and Mrs. W. S. Haynie of Mississippi City joins the faculty as third grade teacher.

Returning to their former positions will be Mrs. H. A. Torgersen, Nursery; Mrs. L. R. Stehling, Kindergarten; Mrs. Warren Traub, first grade; Mrs. John Stone, fourth grade; Mr. George S. Demopulos, fifth grade; Mr. Lambert Boyd, Jr., sixth grade; Mr. Peter Psikogios, seventh grade; and Mrs. G. T. Stanton, Jr., eighth grade. Mrs. C. R. Johnson will continue as French instructor; Mrs. Donald Coffey will teach physical education; and Mrs. C. A. Steers, Art Director.

Registrations are currently being accepted for all grades; however, there are only a limited number of openings at this time, with waiting lists for some grades. Classes are scheduled to start Tuesday, September 7th, this being a full day for all students.

STENNIS CO-AUTHOR STATE APPORTION AMENDMENT

(By Senator John Stennis)

As this is written, the matter before the Senate is the Dirksen Amendment of which I am a co-author, which proposes an amendment to the Constitution to allow a State to apportion one branch of its legislature on a basis other than population.

This amendment is made necessary because of the recent Supreme Court "one man, one vote" rule declares that both houses of State legislatures must be apportioned strictly on the basis of population.

"The guest on MEET THE PRESS Sunday, August 1st, will be Senator John Stennis (D-Miss.), who is Acting Chairman of the Senate Armed Services Committee and Chairman of its Preparedness Subcommittee. He is also Acting Chairman of the Senate Defense Appropriations Subcommittee which is scheduled to hear testimony on Vietnam this week from Secretary of Defense McNamara."

"The Washington Post recently described Senator Stennis as 'the most powerful single Congressional voice on defense matters.'"

"Tune in WDSU-TV Channel 6, New Orleans, 5 p.m. Sunday, August 1st."

In my opinion, the Court moved far beyond the bounds of its authorized powers in rendering this decision. With all deference to the Court, I think this decision is an unwarranted invasion into the policy-making division of our government which properly rests with the legislative branch. It with the legislative branch. It would in effect shift the control of all State legislatures to the very highly populated urban areas and would strip the sparsely populated rural areas of any effective voice in their State government. While our urban areas with their larger populations are certainly entitled to a strong voice in the government, representation of rural areas should not be greatly diminished as is done under the Supreme Court decision.

Most of the fundamental principles of our form of government came from men with an agricultural background. Our theory of government, the idea behind it, is based upon the idea that every group will have a voice and that every area will have a part. I believe that our rural areas have served as a great spiritual reservoir of the Nation. They have contributed many people who have become leaders, not only of their own area but throughout the nation. States and throughout the nation. To cut them off as the one man, one vote rule would do, would be to dry up one of the main foundations of some of the finest, soundest, and most logical political thought of the Nation, as well as the spring of spiritual resources and development of our country.

The decision of the Supreme Court would put everything on an individual basis and would deny the validity of the collective rights of people who live in the less populated counties.

The amendment which I co-

GE Hires Students, Teachers

Gainesville, Miss., Approximately 200 university, college and high school teachers and students from throughout the United States are doing essential tasks in 13 types of jobs at the NASA Mississippi Test Facility this summer as temporary employees of the General Electric Co.'s Mississippi Test Support Operation.

Jerry Ross, in charge of summer placement for the GEMTSO personnel center at Bay St. Louis, Miss., says that more than 1,000 applications were received by his office for summer work at the government-owned rocket testing facility in Hancock County. Those employed, including more than 50 teachers, are working as statistical analysts, laboratory assistants, draftsman, technicians, expeditors, clerks, writers and clerical typists. Others are plant operators and stockboys; one is a pianist. The young men and women are assigned within all of the 11 technical and administrative sections of the General Electric department, including its operations in Huntsville, Ala.

According to Ross, although the majority reside and attend schools in Mississippi, Alabama and Louisiana, the summer force includes students from such institutions as the University of Colorado, Purdue, California State, Boston University, the University of Washington and Bryan College in Providence, R. I.

The Mississippi Test Facility, a component installation of the National Aeronautics and Space Administration's George C. Marshall Space Flight Center, is in its final phase of construction as a proving ground for static testing the first two stages of the Saturn V moon rocket.

BROTHER AND SISTER INJURED IN MOTOR BIKE ACCIDENT

A Bay St. Louis girl and her brother were injured Saturday afternoon when the motorbike they were riding was involved in a traffic mishap, Police Chief Lathan Garriga reported.

Louise Lynn Berry, 17, suffered a laceration of the right leg and abrasions and her brother, Clint Berry, 15, sustained a laceration of the right knee. Chief Garriga stated. Both, he added, were treated at Hancock General Hospital and released.

According to Chief Garriga, the motorbike operated by Miss Berry reportedly ran into the left side of a pickup truck, driven by Oren Seal of Lakeshore, which had stopped on Dunbar Avenue near St. Francis Street.

The accident occurred about

Sign Four-Lane Highway Contract

SON, Miss. (AP) — The Highway Department awarded \$4.3 million in contracts, including one million for work on U. S. Highway 90.

Hancock County was the first to bid for the contract. The highway is 4.3 miles long between Bay St. Louis and Springtown. It is subject to the provisions of Public Roads Act.

The project will complete the widening of Highway 90 west from Bay St. Louis to the intersection with state Highway 43.)

now on is the year to go use your head during the early and late in the sun. During the day very few fish go to deeper waters to fresh water fish strike best in the evening. One rule as regards fish at Pearl River is to go fishing in the banks which are green trout can be caught. During the day when the water is high, most people use a net and catch a lot of crabs with little effort.

For speckles, red fish is best to find a shell on the bottom. Muddy bottoms are good for catfish and bluegill.

Don't think Chiggers are only pests of woodlands, meadows and orchards. They find their way into gardens and home lawns, and maybe onto you, too.

The Chigger season is long — from May to the first frost. You can find these pests in all southern states and in most of the temperate parts of the country as well.

Sometimes called the Red Bug it is the young (larval) state that causes the nuisance. The bugs lie in wait on the lawn until a likely victim passes by. After they attach themselves to a leg, they scurry to find a preferred feeding spot on it.

The results of their feeding are reddish welts, swelling, itching, and sometimes fever. Although virtually invisible, Chiggers can cause much discomfort.

Control of the Chigger is an added bonus when the lawn and garden is sprayed regularly for other plant pests.

Was sorry to hear of the death of Mr. Dupre who passed away last week. Sympathy is extended to his family. Another good sport has gone from our midst.

Southern hospitality is known most everywhere but it is a pleasure to have one tell of how he or she was treated while away from home. Mrs. Martha Epperson operator of Jack's Tavern at Marietta, Ga., was praising the Biloxi Police for the way they helped her and the children when they had a flat tire. There are still some good folks, she said.

We spent a pleasant evening playing the shuffle board and met some stiff competition. Mr. and Mrs. Jim Harris are both good players. Shuffle boards are numerous at places of amusement up this way. First time I heard of making appointments to play shuffle board.

Chastain Lake at Marietta owned and operated by Mrs. H. F. Chastain is one of the many lakes where fishermen can fish for one dollar a day. Mrs. Chastain is a real sport herself. She was frank and said it is really the wrong time to fish here. Fishing for crappie, perch and green trout is best in the fall of the year and to back up her statement she made us a proposition that if we didn't catch any fish we wouldn't have to pay. We fished for nothing.

All other sports also showed increases over 1963. Major league baseball drew 21,280,341 fans while the minor leagues entertained 10,313,822 for a total of 31,594,163, or 1,183,825.

Football, both college and professional, drew 30,708,631 fans, an increase of 1,975,254 while basketball at 1112 colleges and the National Basketball Association was played before 18,083,130 fans.

The record did not show how many fishermen participated in fishing but it must have been among the top.

What They Wore...by PHYLLIS JOYCE

A FAVORITE FASHION OF EVERY ERA HAS BEEN THE BALL GOWN. IRONICALLY THIS TYPE OF DRESS WAS THE MOST COMMON DRESS OF THE EXTRAORDINARY REIGN OF LOUIS XIV. AT THAT TIME, MASQUERADE BALLS WERE IN VOGUE BECAUSE OF THE ENTIRETY AND FLORIDITY OF THE DRESS. THE FAVORITE DISGUISE WAS THAT OF A SHEPHERDESS.

PREPARING FOR A BALL WAS AN ALL DAY PROCESS IN FRANCE DURING THE LATE 16TH CENTURY. LACING A CORSET WAS BEGUN IMMEDIATELY AFTER BREAKFAST AND CONTINUED BEING PULLED A LITTLE TIGHTER EACH TIME AT INTERVALS UNTIL DANCE TIME.

IN THIS COUNTRY THE FAVORITE EVENING DRESS OF THE 1930'S WAS THE LETTIE LYTON DRESS INTRODUCED BY JOAN CRAWFORD IN 1933. IT INFLUENCED THE REVIVAL OF THE HIGH NECKED EVENING DRESS.

TODAY... WHEN BUYING WOMEN'S OR CHILDREN'S APPAREL LOOK FOR THIS LABEL THE SYMBOL OF DECENTY, FAIR LABOR STANDARDS AND THE AMERICAN WAY OF LIFE.

of these big ones. They bite in the fall of the year we were told

P. C. Copeland a retired contractor of Marietta will leave the first part of August for a vacation in Texas. P. C. is an ardent fisherman and said he will stop at Bay St. Louis for a couple of days to try our fishing. Don't think you will be disappointed, partner.

Most all fishermen have used earth worms at one time or the other and in most cases they are dug in wet soil or in damp ground. In this neck of the woods worms are found along creeks. No digging required, just rake aside the dead leaves and there they are. They are of large size and a bucket full can be gotten in a short time. Again you have to know where to get them. The lazy fellow pays \$1.00 for a pint Carton of the wiggy Oligochaeta.

Hope it will be as interesting to you as it was to me to read really what an earth worm is. Earthworm (Lumbricus Terrestis) The earth worm is by far the most familiar member of the annelids. Some kind of earthworm is found in soils the world over. These animals perform a valuable function wherever they exist. Although earthworms are found on the surface of the ground especially after dark and after a rain they spend most of their time burrowing through the upper layers of the soil. Their body wall has powerful muscles that enable them to force their way through the soil. They take in decaying matter and soil as it moves. Feeding continuously it passes little pellets of undigested matter and soil particles out of the body, coming to the surface to dispose of these pellets. The result of all this activity is that the soils of the earth are cultivated and aerated — actually plowed.

Charles Darwin, the British Naturalist remembered chiefly for laying the basis for the modern theory of evolution, was one of the first to realize the tremendous

importance of the earth worm to man. He estimated that an acre of English land contains up to 50,000 earthworms. Such an army of animals can bring about 15 tons of soil to the surface of each acre. Darwin described a rock-strewn field that was left untouched for 25 years. After that time not a single stone was to be seen on the surface, for the earth worms had covered the entire field with a four-inch layer of porous soil. Cultural Library. No matter how lowly a worm may be fish love them.

HOME AGENT'S NOTES

By Marcia P. Hughes Extension Home Economist

Safe and Alive in '65.

You will be seeing that slogan many times in the next week or so. It is the slogan for the annual Farm Safety Week that runs July 25 through July 31 this year.

You may be going on your vacation during this week. As you drive through rural areas or any area where there may be farm machinery or other slow-moving vehicles, see if you can spot the recently adopted slow-moving vehicle emblem.

If you see a brightly colored triangle mounted on the back of a vehicle, that is what you are looking for. It identifies a slow-moving vehicle — one traveling 25 miles an hour or slower on the highway.

This 14-inch high emblem, with a fluorescent orange center and reflective red border, is a product of research conducted by Ohio State University under the sponsorship of the Automotive Safety Foundation.

The Ohio State research shows that farm tractors and machinery are involved in 75 percent of all slow-moving vehicle accidents and that in two-thirds of the accidents the vehicle was hit from the rear.

Clean Air Conditioner Filters

A dirt-clogged filter cuts down the cooling efficiency of your window air conditioner.

To keep the filter clean, you can lift it out, shake off loose dust and dip it up and down in hot soap or detergent suds to loosen and remove the greasy soot the filter has captured. Then rinse and let it dry thoroughly.

You can clean either permanent or disposable filters this same way. A disposable filter will need to be replaced periodically.

Window air conditioners are also dirt-and-dust filters that keep homes cleaner as well as cooler. So even though the filter, a vital part of each conditioner, is out of sight, it should never be out of mind. Remove and wash it at least monthly.

Grease Stain from Wash and Wear

In laundering wash and wear finished garments and articles and those made from synthetic fabrics, we often run into the problem of removing these grease stains. You can do this by retreatment before you put the article in the washer.

Soak a full strength liquid detergent or a paste of detergent and soap in water into the stain. Rinse well with hot water. If the stain is still there, repeat the process.

Puffy has a problem. She's much better at climbing trees than she is at getting down again. Usually someone has to get a ladder and bring poor Puffy back to earth.

People share Puffy's problem. Their fears are forever driving them to do what they can't undo. They run away from reality only to wish they hadn't. We have even coined the idiom "up a tree" to denote the dilemma of a situation from which we cannot free ourselves.

With people, it takes more than a ladder to solve the problem.

Through the centuries men have found Faith an answer to fear. Our churches cultivate courageous Christians. For with confidence in God comes confidence in ourselves.

The man who knows he's never alone doesn't run away.

MISSISSIPPI, Miss. — Two barges, each equipped with an insulated vacuum tank for the transport of liquid hydrogen at super-cooled temperatures, passed through the locks of the National Board of Space Administration and Space Administration Test Facility house, and were moved to the dock and storage area. The barges will be accepted and cleaned and prepared for use in transporting fuels to the test site for stages and rocket engines of space launch vehicles.

The converted U. S. Army barges, under tow of the tug "Sipsey," arrived via the Mississippi Sound and the East Pearl River from Pascagoula, Mississippi, where the tanks were fabricated and installed by the Chicago Bridge and Iron Company under a NASA contract.

The barges and tug were lifted approximately 13 feet in the lock, which measures 670 feet long, to the higher elevation of the canal system in the test site. They were the first major vessels to transit the lock since last June 28 when a Saturn V second stage simulator fixture arrived.

The barge mounted tanks, 98 feet long, each have a capacity of 250,000 gallons of liquid hydrogen. The fuel, which will be transported from a gas liquefaction plant at New Orleans, must be maintained at temperatures as low

as minus 425 degrees Fahrenheit. Mississippi Test Facility, an operation of NASA's Marshall Space Flight Center, Huntsville, Alabama, is responsible for ground testing stages of the Saturn V space vehicles.

CAR HITS HORSE ON HIGHWAY 90

An accident at 7:10 p.m. Friday five miles west of Bay St. Louis on U. S. Highway 90 in Hancock County, resulted in no personal injuries, but claimed the life of a horse, according to Mississippi Highway Patrol headquarters at Gulfport.

State Patrolmen J. R. McNeal and Tony Greer, investigating officers, said the horse, owner not identified, was hit by an automobile driven by Sully J. Viator, 60, of 234 St. Mary St., New Iberia, La.

Cause of the accident, the patrolmen noted, was loose stock in the roadway. The mishap caused about \$200 damage to the Viator auto, Patrolmen McNeal and Greer said.

CONGRESSMEN CONFER WITH MTF OFFICIALS

GAINESVILLE, Miss., Three members of the Committee on Science and Astronautics of the U. S. Congress visited the National Aeronautics and Space Administration's Mississippi Test Facility in Hancock County Saturday for conferences with officials of the General Electric Co. and NASA.

General Electric is the prime support contractor to NASA for plant and technical support and technical systems through its Mississippi Test Support Operation. Representatives Olin S. Teague (D-Tex.), Robert R. Casey (D-Tex.) and Emilio Q. Daddario (D-Conn.) arrived by air Saturday morning from Daytona Beach, Fla. where they had inspected the facilities of GE's Apollo Support Department. They were accompanied by Richard L. Callaghan, special assistant to NASA administrator James E. Webb, and by Harry Le Vine, Jr. and Dave Cochran of the Defense Programs Division of General Electric.

The group met with William R. Eaton, general manager of the GE Mississippi Test Support Operation and his staff; Hans Heuter, deputy director of Industrial Operations for the NASA George C. Marshall Space Flight Center, and with Henry F. Auter, chief of the Engineering Office, MTF. The Mississippi Test Facility is a component installation of the Marshall Center.

Following briefings and discussions, the visitors toured the 25

BOARD OF SUPERVISORS PROCEEDINGS....

JUNE TERM, A.D. 1965

RESOLUTION REGIONAL PLANNING

Upon motion of Supervisor Dean duly seconded by Supervisor Lott the following resolution was adopted for Regional Planning:

WHEREAS, Hancock County desires to participate in a regional planning program that could include Hancock, Harrison and Pearl River Counties in Mississippi and St. Tammany Parish in Louisiana, and involve preparing plans and programs for physical and economic development within the four county region; and

WHEREAS, the Mississippi Agricultural and Industrial Board has offered its service to the said four counties and has agreed to execute a contract with a Regional Planning Commission (to be established by authority granted by House Bill No. 393 of the Regular Session — 1964) in connection with the preparing of plans and programs for physical and economic development within the four county region; and

WHEREAS, through provisions of the National Housing Act, grants are made available to the Mississippi Agricultural and Industrial Board that pay up to two-thirds of the cost of preparing such plans and programs; and

WHEREAS, there is such a tremendous need for a comprehensive planning program in the four county region because of the establishment of the NASA TEST FACILITY in the area; now, therefore,

BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF HANCOCK COUNTY, MISSISSIPPI:

1. That this Board enter into an agreement with the Regional Planning Commission to be established for the purpose of participating in the aforementioned regional planning program.

2. That said agreement shall provide that the Regional Planning Commission shall work with the Mississippi Agricultural and Industrial Board in preparing plans and programs for physical and economic development of the four county region.

3. That said County by said contract do agree to pay its prorated share of the cost of the regional planning program, said proration to be based upon the prorations adopted by the Regional Planning Commission and providing that Hancock County's share of the cost shall not exceed \$_____, which sum shall be paid within the proper budgetary allowances of Hancock County. Said agreement to pay is conditioned upon the agreement of the three other counties in the four county region adopting a similar resolution and agreement to share in the cost.

4. That the following be designated as members of the Regional

Planning Commission in accordance with the Act under which the Commission is to be established:

5. That the individual whose name first appears above be designated to serve for three consecutive years from this date, such appointment to be, however, at the pleasure of the Board of Supervisors and subject to replacement at any time, and shall be eligible for reappointment, and that the individual whose name appears second above be designated to serve for two consecutive years from this date, and shall be eligible for reappointment to a three year term or his successor shall be appointed for a three year term, and that the individual whose name appears third above be designated to serve for one year from this date, and shall be eligible for reappointment to a three year term or his successor shall be appointed for a three year term.

6. That _____, be designated as an ex-officio member of the commission.

RESOLUTION DECLARING THE INTENTION OF THE BOARD OF SUPERVISORS OF HANCOCK COUNTY, MISSISSIPPI, TO ISSUE BONDS OF SAID COUNTY IN THE PRINCIPAL AMOUNT OF ONE MILLION THREE HUNDRED THOUSAND DOLLARS (\$1,300,000), OR SO MUCH THEREOF AS MAY BE NECESSARY, TO RAISE MONEY FOR THE PURPOSE OF PAYING THE COST OF ERECTING AND EQUIPPING A COURTHOUSE FOR SAID COUNTY AND PURCHASING LAND THEREFOR. WITHIN SUPERVISOR'S DISTRICT NO. 5 OF SAID COUNTY, AND DIRECTING PUBLICATION OF NOTICE OF SUCH INTENTION.

WHEREAS, this Board of Supervisors does now find and determine that it is necessary and in the public interest to provide the sum of One Million, Three Hundred Thousand Dollars (\$1,300,000) for the purpose of paying the cost of erecting and equipping a courthouse for Hancock County, Mississippi, and acquiring land therefor within Supervisor's District No. 5 of said County; and

WHEREAS, this Board of Supervisors is authorized by the provisions of Chapter 241, Laws of Mississippi, 1950, as amended, to issue bonds for the aforesaid purpose, provided that such bonds, when added to all other bonded indebtedness of said County, shall not exceed ten per centum (10%) of the assessed valuation of taxable property within said County according to the last completed assessment for taxation; and

WHEREAS, this Board of Supervisors, having made due investigation, now finds and determines:

(a) That the assessed valuation of taxable property within said County of Hancock appearing on the assessment rolls as established by the last completed assessment for taxation preceding the date of this resolution, is as follows:

Real Estate \$10,179,060
Personal Property 878,558
Motor Vehicles 1,685,956
Public Utilities 4,249,353
TOTAL \$16,992,927

(b) That the amount of outstanding bonded and floating indebtedness of said County at this time is THREE HUNDRED SIXTY-THREE THOUSAND \$363,000.00; and

(c) That the amount of bonds now proposed to be issued, when added to the amount of outstanding indebtedness, as aforesaid, will not exceed ten per centum (10%) of the aforesaid assessed valuation;

AND WHEREAS, this Board does now

find and determine that it is necessary and in the public interest that bonds of said County be issued for the purpose of raising money for the purpose of paying the cost of erecting and equipping a courthouse for said County, and purchasing land therefor within Supervisor's District No. 5 of said County.

SECTION 2. That the said bonds in the amount and for the purpose aforesaid shall be issued at a meeting of said Board of Supervisors to be held on the 23rd day of August, 1965, at the hour of 10:00 o'clock A.M. If twenty per centum (20%) of the qualified electors of the County shall file a written protest against the issuance of said bonds on or before the aforesaid date and hour, then an election on the question of the issuance of said bonds shall be called and held as provided by law. If no such protest be filed then said bonds shall be issued without an election on the question of the issuance thereof.

SECTION 3. That this resolution shall be published once a week for at least three (3) consecutive weeks in the Sea Coast Echo and in the Hancock County Eagle, newspapers published and of general circulation in Hancock County, Mississippi, and which are qualified newspapers under the provisions of Chapters 427, Laws of Mississippi, 1948. The first publication of this resolution in each of

the following newspapers shall be published on or before the 23rd day of August, 1965, at the hour of 10:00 o'clock A.M. If twenty per centum (20%) of the qualified electors of the County shall file a written protest against the issuance of said bonds on or before the aforesaid date and hour, then an election on the question of the issuance of said bonds shall be called and held as provided by law. If no such protest be filed then said bonds shall be issued without an election on the question of the issuance thereof.

SECTION 4. That the Board of Supervisors of Hancock County, Mississippi, hereby declares its intention to issue bonds of said County in the principal amount of One Million, Three Hundred Thousand Dollars (\$1,300,000), or so much thereof as may be necessary to raise money for the purpose of paying the cost of erecting and equipping a courthouse for said County, and purchasing land therefor within Supervisor's District No. 5 of said County.

SECTION 5. That the said bonds in the amount and for the purpose aforesaid shall be issued at a meeting of said Board of Supervisors to be held on the 23rd day of August, 1965, at the hour of 10:00 o'clock A.M. If twenty per centum (20%) of the qualified electors of the County shall file a written protest against the issuance of said bonds on or before the aforesaid date and hour, then an election on the question of the issuance of said bonds shall be called and held as provided by law. If no such protest be filed then said bonds shall be issued without an election on the question of the issuance thereof.

SECRETARY'S CERTIFICATE

I, Seymour Greene, Secretary of H. L. Green Stores of Bay St. Louis, Mississippi, Inc. a Mississippi corporation, DO HEREBY CERTIFY that the following is a true and correct copy of resolutions presented to and unanimously adopted by a joint meeting of Stockholders and Directors of the Corporation held on January 27, 1965, in the City of New York, no part of which resolutions have been amended, modified or revoked:

"RESOLVED, That the 'Plan of Complete Liquidation' of this Corporation, as exhibited at this meeting, be, and it hereby is, adopted and approved by this Corporation; and it is further

"RESOLVED, That the officers of this Corporation be, and they hereby are, authorized, empowered and directed to effect such complete liquidation of the property and assets of this Corporation and such cancellation and redemption of all stock of this Corporation to execute and deliver in the name of this Corporation such instruments, deeds, documents and agreements and do such other acts as they may consider necessary or advisable to carry out said 'Plan of Complete Liquidation'."

I DO HEREBY CERTIFY that the 'Plan of Complete Liquidation' of the Corporation duly adopted and approved at the above said meeting is, as follows:

1. A complete liquidation, as defined in Section 332 of the United States Internal Revenue Code of 1954 and Regulations Section 1.332-2(a) and (c) shall be effected and the assets of the Corporation shall be distributed and transferred to McCrory Corporation and the liabilities and obligations of the Corporation shall be assumed by McCrory Corporation in complete cancellation and redemption of all the outstanding stock of the Corporation.

2. The distribution of the assets and assumption of liabilities and the liquidation of the Corporation shall be effective on January 31, 1965.

3. The Corporation shall cease to be a going concern and shall cease all business activities and shall be deemed in complete liquidation as of the close of business on January 31, 1965. All future activities on behalf of the Corporation shall be merely for purpose of winding up its affairs, paying and providing for the payment of its existing obligations, if any, and distributing any remaining assets or balances to the stockholders of the Corporation.

4. The Secretary of the Corporation or any other officer shall be authorized to execute, seal, acknowledge and deliver any and all documents and things as to him may appear necessary or

desirable in order to effectuate the complete liquidation of the Corporation as in this Plan provided.

IN WITNESS WHEREOF, I have hereunto set my hand and seal of said Corporation this 1st day of February, 1965.

RESOLUTION REGIONAL PLANNING

Upon motion of Supervisor Dean duly seconded by Supervisor Lott the following resolution was adopted for Regional Planning:

WHEREAS, Hancock County desires to participate in a regional planning program that could include Hancock, Harrison and Pearl River Counties in Mississippi and St. Tammany Parish in Louisiana, and involve preparing plans and programs for physical and economic development within the four county region; and

WHEREAS, the Mississippi Agricultural and Industrial Board has offered its service to the said four counties and has agreed to execute a contract with a Regional Planning Commission to be established by authority granted by House Bill No. 393 of the Regular Session, 1964, in connection with the preparing plans and programs for physical and economic development within the four county region; and

WHEREAS, through provisions of the National Housing Act, grants are made available to the Mississippi Agricultural and Industrial Board that pay up to two-thirds of the cost of preparing such plans and programs; and

WHEREAS, there is such a tremendous need for a comprehensive planning program in the four county region because of the establishment of the NASA TEST FACILITY in the area; now, therefore,

BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF HANCOCK COUNTY, MISSISSIPPI:

1. That this Board enter into an agreement with the Regional Planning Commission to be established, for the purpose of participating in the aforementioned regional planning program.

2. That said agreement shall provide that the Regional Planning Commission shall work with the Mississippi Agricultural and Industrial Board in preparing plans and programs for physical and economic development of the four county region.

3. That said County by said contract do agree to pay its prorated share of the cost of the regional planning program, said proration to be based upon the prorations adopted by the Regional Planning Commission and providing that Hancock County's share of the cost shall not exceed \$_____, which sum shall be paid within the proper budgetary allowances of Hancock County. Said agreement to pay is conditioned upon the agreement of the three other counties in the four county region adopting a similar resolution and agreement to share in the cost.

4. That the following be designated as members of the Regional

Planting Commission in accordance with the Act under which the Commission is to be established:

5. That the individual whose name first appears above be designated to serve for three consecutive years from this date, such appointments to be, however, at the pleasure of the Board of Supervisors and subject to replacement at any time, and shall be eligible for reappointment, and that the individual whose name appears second above be designated to serve for two consecutive years from this date, and shall be eligible for reappointment to a three year term or his successor shall be appointed for a three year term, and that the individual whose name appears third above be designated to serve for one year from this date, and shall be eligible for reappointment to a three year term or his successor shall be appointed for a three year term.

6. That _____, be designated as an ex-officio member of the commission.
